ART @ MADEIRA AVENUE

Neck of the Woods

HUDSON ART DEPARTMENT

Op de begane grond vind je een kunstbeurs met ruim veertien galeries uit Nederland en België en op het middenplein een beeldentuin en een opstelling van hedendaags design.

ARTBAR

De plek waar liefhebbers van jazz, kunst en horeca bijeenkomen is de ArtBar; hier is ruimte om samen te komen tussen optredens, te genieten van bijzondere kunst én de innerlijke mens te verzorgen.

MADEIRA AVENUE

De kunsttentoonstelling is verdeeld over twee etages: op de derde verdieping bij zaal Missouri en een hoger op Madeira Avenue. Hier vind je een tentoonstelling samengesteld door Neck of the Woods.

BODY HEAT BY DROOG!

MIDDENPLEIN

Photo, Thermal Camera, SMITH SPECTROGRAPHIES

BODY HEAT™

The interplay between the corporeal and the climatic, between emotion and motion, defines our experience of body heat. Anger, birth, blood, dance, desires, fears, friction, hormones, love, shame, skin, stress, sun, and tears—these elements compose the symphony of our thermal existence. “BODY HEAT” is an exhibition, curated by Yev Kravt, showcasing the work of 12 artists and designers who explore a variety ways our body temperature rises. Our bodies generate, regulate, and react to thermal dynamics in a constantly shifting environment. We respond to beats, BPMs, and vibrations. We sweat, we dance, we move, we cry, we laugh, we experience skin hunger.
